Outdoor Camping Experience

Dear Parents/Guardians

We are very excited to announce that we have rebooked an 'Outdoor Camping Experience' for year 4, 5 & 6 pupils from Monday 17th May to Tuesday 18th May 2021 which will be based on our school field. If you remember we had booked it for May 2020 but due to the pandemic we had to cancel it.

At this overnight camp, the children will work together to put up their tents, play energetic games with a giant kin-ball, toast marshmallows, sing songs around the campfire, and have an amazing night under the stars with their friends.

During the next day, they will participate in a huge range of exciting educational activities and challenges. Children will learn to make fires in the wild, take part in the bush-tucker challenge, develop communication and team skills, learn first aid, purify muddy water into tasty hot chocolate, and much more.

The experience will be ran by a professional team of fully trained and highly experienced workers as well as members of staff from our school who will be on hand at all times and who will take care of the pupils during break/lunchtime as well as throughout the night.

The cost of this experience will be fully subsidised by the school allowing us to offer this amazing experience to our pupils for FREE! The only thing you will need to supply is your child's sleeping bag and airbed and make a small contribution towards a pizza takeaway tea.

Please complete this online form to let us know if your child **would or would not** like to join in the camping experience by Monday 30th November:
