

Online Safety

All children will be bringing home a "Build Your Legend " kit. This is a great way to get the whole family involved in internet safety and have fun building something together too.

This link tells you more about the project and has a great video showing parents how to go about having a conversation with their child about internet safety.

Nursery and Reception

Relationships Education

In nursery and Reception, children listen to stories and sing songs about positive relationships and use this to discuss feelings about the relationships they have at home and at school.

We teach children from an early age about being safe online in a way that is age appropriate.

Year 1 Relationships Education

Respecting ourselves and others

Think you know -Jessie and friends videos and resources
